DETAILED ACTION

Status of Claims

1. Claims 1-20, filed December 15th, 2008, are currently under examination. Compared to the claims filed June 23rd, 2008 and examined in the previous Office Action mailed July 15th, 2008, claim 1 has been amended.

Allowable Subject Matter

2. Claims 1-20 are allowed.

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance:

The closest prior art of Peker, Suresh, and Peker-Johnson does not teach dispersing and blending reinforcement material with bulk solidifying amorphous alloy feedstock under vacuum and then melting the bulk solidifying amorphous alloy but not the reinforcement material and densifying the material to form a composite material.

The Examiner agrees with Applicants' remarks (p. 8, para 2) that Suresh (used to teach the liquid phase densification) infiltrates a mass of reinforcement material with a molten metal, and thus does not motivate one to disperse and blend the bulk solidifying amorphous metal and reinforcing material prior to any heating or melting.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mark L. Shevin whose telephone number is (571) 270-3588 and fax number is (571) 270-4588. The examiner can normally be reached on Monday - Friday, 8:30 AM - 5:00 PM EST.
